

Dear Friend:

You've been flocked!!! Someone cares so much about you they sent this flock of purple flamingos to your yard to remind you to join in the fight against cancer! You have two opportunities to help our Relay for Life team:

- 1) Donate \$10 to have this flock of purple flamingos removed from your yard.
- 2) Donate \$15 to forward the flock on to a friend. This will keep the flock alive and well in the community and remind people everywhere to fight back against cancer.

You may also choose to donate an additional \$10 to purchase flock insurance to ensure the flock never returns your way.

To have your flamingos removed, please call Jamie Swift at 794-8177. All proceeds go directly to our Relay for Life team to benefit the American Cancer Society. Please help us keep the flamingos flying throughout the month of March!

Thank you in advance for your support!

The Relay for Life Team of New Victory Baptist Church
